

# **THIS WEEK WE...**

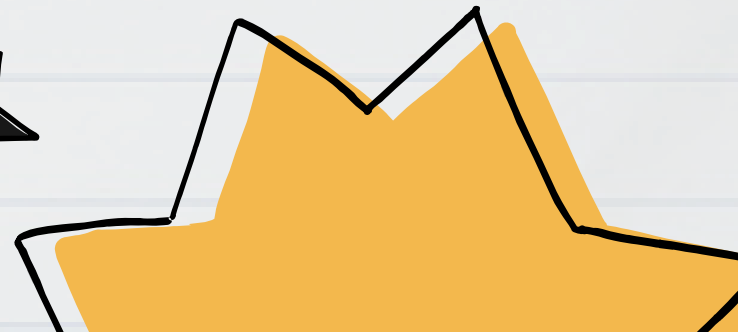

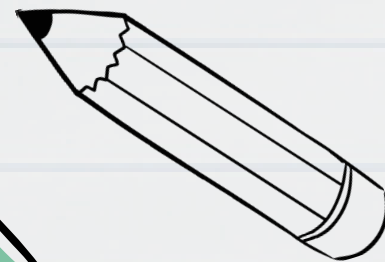

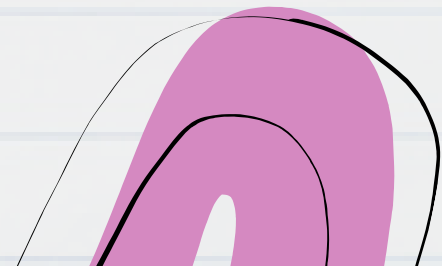

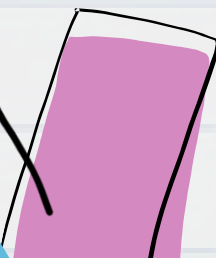

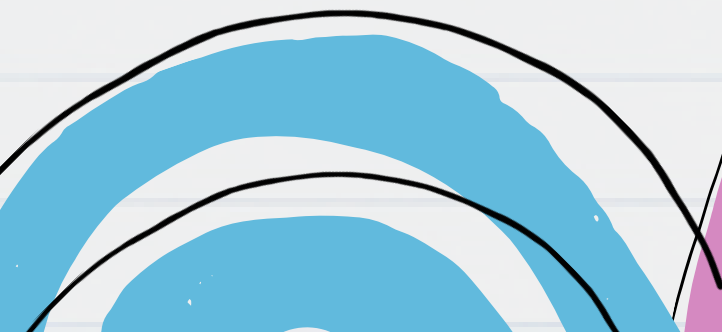

## **Discussed Creativity**

We talked about our dream super power, made a power pose, and created a story as a class!

## **Looked at our Dream Careers**

We talked about how our hobbies, life events, and circumstances can affect our dreams and inspire our future selves!

# ONE MINUTE DOODLE

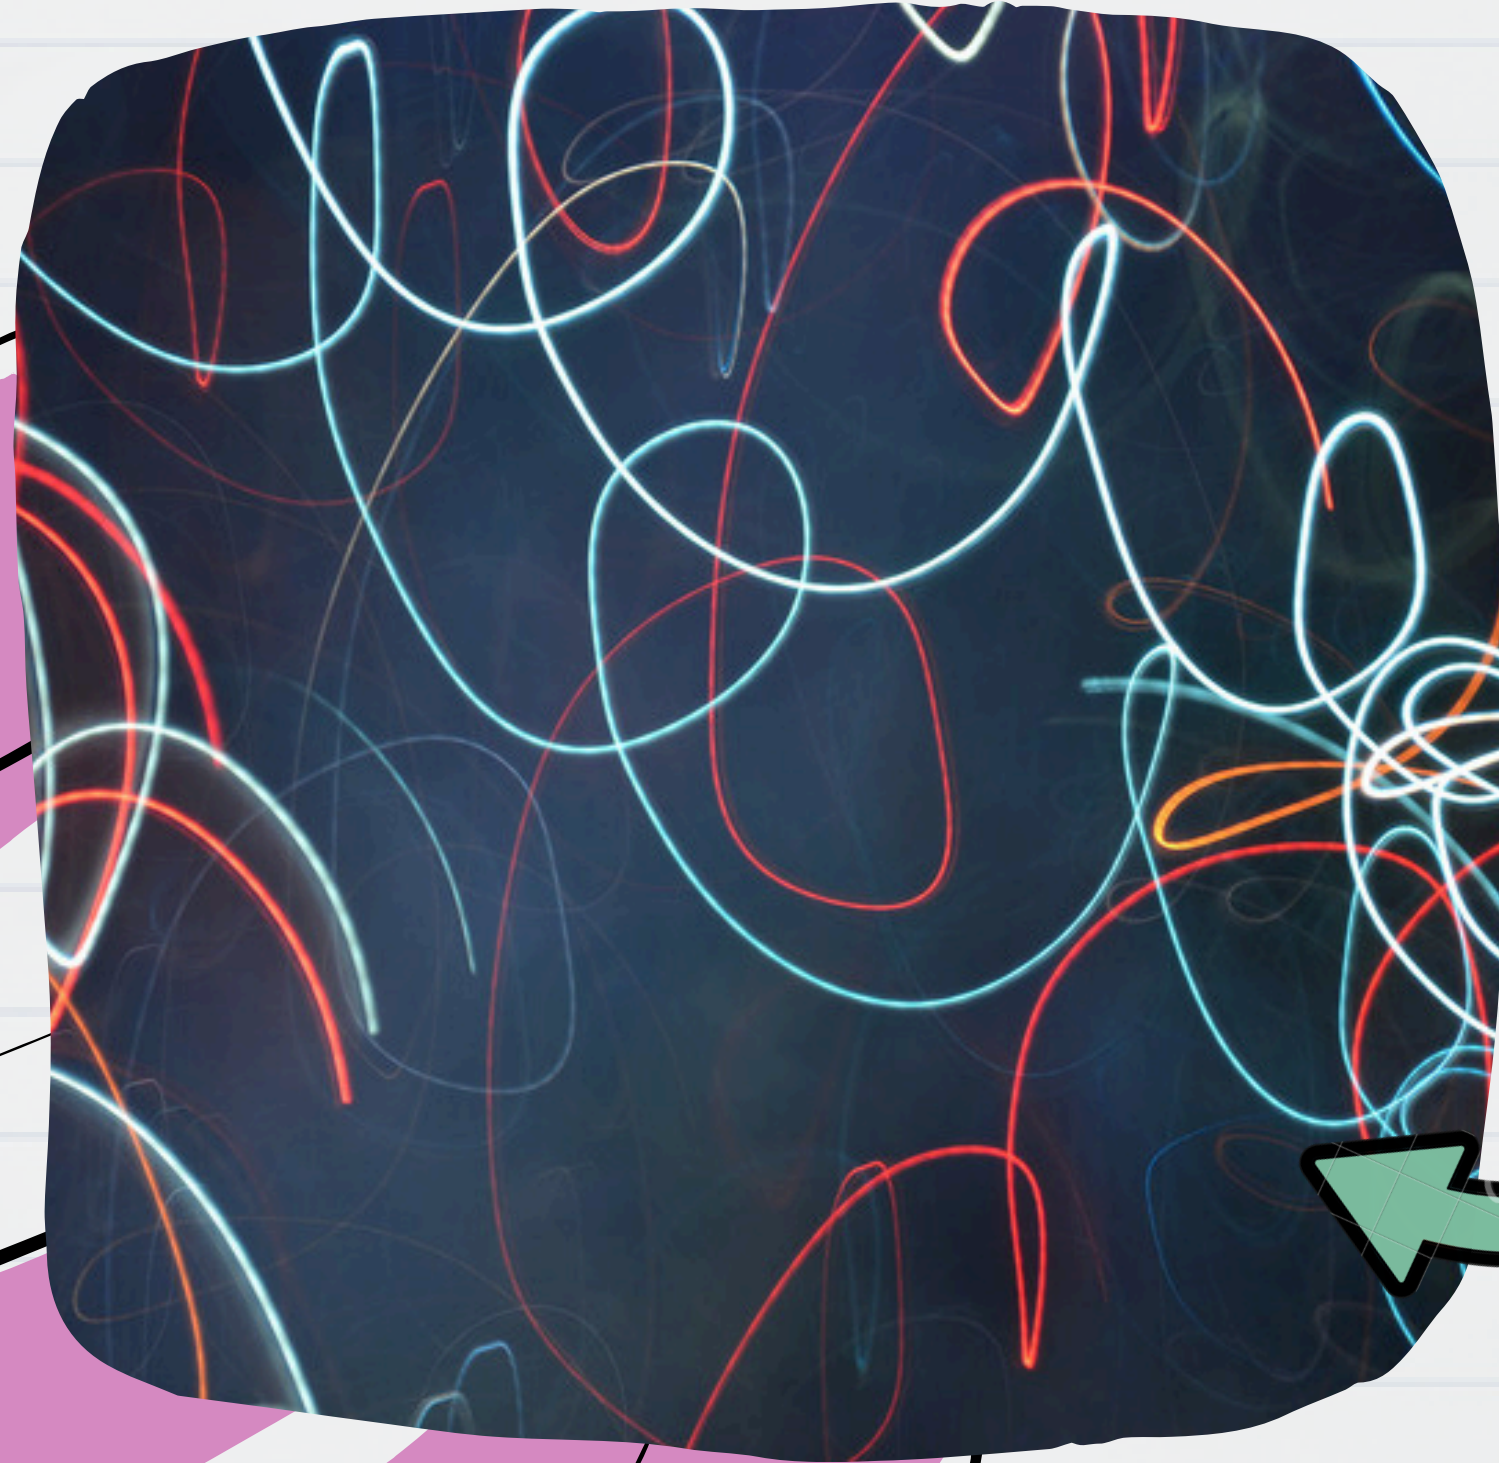

Things you will need:

- Paper or something to draw on
- Something to write with

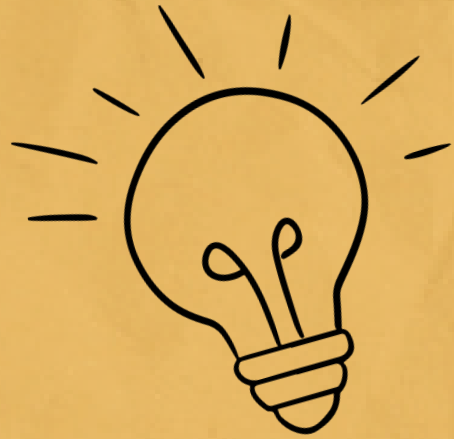

When your teacher says go, you have one minute to draw a mini sketch or doodle all over your page.

You may want to try putting your pen down and drawing without picking it up for the whole minute!

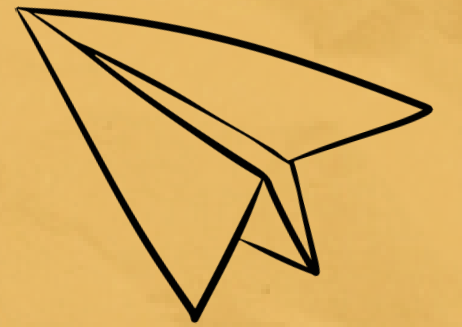

Get creative!

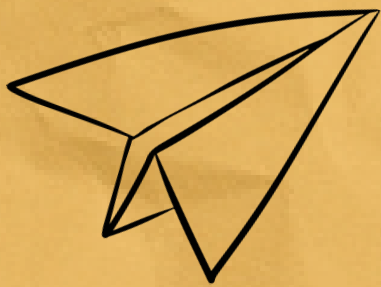

**ONE MINUTE!**  
**READY...SET...GO!**

**ONE MINUTE**  
**TIMER**

# DOODLE SHARE OUT

## Share

If you want to share, raise your hand and send your teacher a short description of your drawing in the private chat.

Your teacher will call on you when it is your turn to show your art on camera!

## Imagine

If you drew a scribble or just doodled on your paper, what objects can you find in it? Pretend you are trying to find shapes or characters as you would in the clouds.

See if your classmates find any shapes or objects in your doodle.

# DISCUSSION

1

Do you consider yourself a creative person? If not, what can you do to be more creative?

2

Is there anyone in our class this week that inspired you to be creative? What did they do?

Shout out your classmates!

# BUILD A MEGA HERO

- Everyone decide on your super power based on your favorite subject!
  - Examples:
    - Science - Can talk to animals
    - English - Can read minds
    - History - Time travel
    - Math - Teleporting by addition
    - Art - Move things with your mind
- In randomized breakout rooms, build one MEGA superhero with all of your super powers combined.
- Draw your team superhero by making a copy of the link in the chat and sharing it with your group.
  - You can all draw on the same superhero to build your MEGA hero!

# **SHARE YOUR HERO!**
